

Construction Features:

- DURABLE WELDED FRAME**
 Modular and lightweight aluminum components are securely attached with screws into durable threaded steel.
- SELF-CLOSING DRAWER SLIDES**
 Ensures that drawers are in proper position for locking.
- INTERCHANGEABLE DRAWERS**
 Allows different drawer sizes to easily change positions.
- DOUBLE SLIDE FOR LARGE DRAWERS**
 Allows the bottom drawer to handle the weight of bulk and liquid medication, as well as the "kick close".
- ROUNDED LOCK PIN OPENINGS**
 Never allows the pin to make contact with any sharp edges that cause premature wear.

- QUICK-CHANGE LOCK**
 It allows easy access to two internal screws that release the lock.
