Grow Your Business

- Create a new market and revenue stream by adding to your monthly script count.

Available in Heat Seal and Cold Seal

Multi-Dose

Improve Patients lives with greater adherence!

Fast, Versatile and Safe!

One of the best ways to assist your patient with their good health and independence is to professionally package their medications regimen in a **Multi-Dose (MD) Card**. It's perfect for your patients that need a little help with their meds at home or at an assisted living facility. It works in the same way that a calendar reminds us of important events, making it easy to recognize the time and day the medication is to be taken and as a reminder that meds have been taken.
